ABOUT US

Kazi Nazrul Bio-chemic Medical College established in the year 2024 and applied to the Central Govt. of India for recognition of Bio-Chemic Council. But the Central Govt. of India turned down this prayer. Lastly we have placed our prayer before Calcutta High Court against the Central Government order in this respect for proper judgement. By considering the merit of the case the Hon'ble High Court, Calcutta, directed the Government to confirm recognition of D.M.B.S. & B.M.B.S. degree courses. It is to be noted that D.M.B.S course means Diploma in Bio-Chemic Medicine & Surgery. This course is for 3 years and further 6 months for Entranceship. The Syllabus and Examination for this course is controlled by the Council. The Examination are as follows :

- 1st year - Intermediate
- 2nd year - Part- I Final
- 3rd year - Part- II Final

The session commences from July to June every year. The Examination are conducted in proper time and the Secretary of Examination will inform Colleges the dates of Examination well in advance. Further the Colleges should complete the Syllabus within the specified period and follow up the directions, rules & regulations of the Council.

Biochemic System of Medicine

Biochemic science competes with any other branch of science in an effective and sure way to cure. The word Biochemic is derived from Greek origin, BIOS, meaning, "LIFE", and Chemistry, therefore meaning, the "Chemistry of Life."

Indeed these words which gave eminent, Dr. MED. W. H. SCHUESSLER, immense inspiration, that, "The structure and vitality of organs depends upon the presence of necessary quantities of in-organic constituents."

The simple logic of Dr. Schuessler's Biochemic theory is:

1. The human body contains twelve inorganic elements which are responsible for maintenance of normal cell function.
2. When due to some cause, one or more of these elements becomes deficient, then the normal cell function of metabolism is disturbed and a condition arises, known as "Disease".
3. By supplying to the system the lacking elements in the form of Schusseler's Biochemic Remedies, normal cell function and health can be restored.

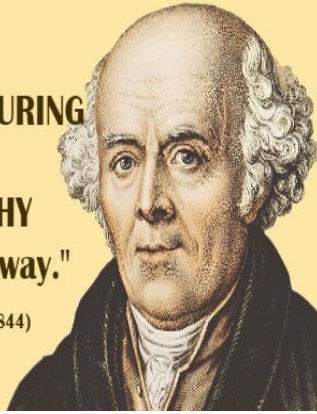

Gradually, it dawned upon the scientific world that importance of biochemic system of medicine is of magnitude, and is, "Next best to natural Cure". This wonderful science was invented in the year 1873. Homeopaths are also usually practicing biochemic system of treatment. Many think it is a branch of Homeopathy, but it is not true. Inventor of Homeopathy was Dr. S. Hahnemann, whereas inventor of Biochemic science was Dr. W. Schuessler. Frankly speaking both systems are separate concept and not branch of each other.

Regarding the fact of this system, our college boldly launches this spreading of knowledge, and its mission to the people, firmly believing, those for whom it is intended will receive it in the same helpful spirit of dedication, in which it is imparted.

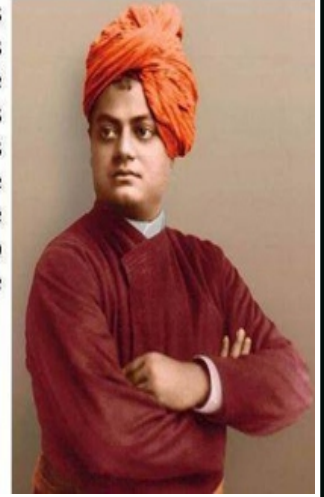

**"The highest ideal of CURE is
the SPEEDY, GENTLE, and ENDURING
Restoration of Health
by the most TRUSTWORTHY
and LEAST HARMFUL way."**

SAMUEL HAHNEMANN (1755 - 1844)
FOUNDER OF HOMEOPATHY

An allopath comes and treats cholera patients and gives them his medicines. The Homeopath comes and gives his medicines and cures perhaps more than the allopath does because the Homoeopath does not disturb the patients but allows the nature to deal with them.

- Swami Vivekananda

RABINDRANATH TAGORE

"I have long been an ardent believer in the science of homeopathy, and I feel happy that it has got now a greater hold in India that even in the land of its origin. It is not merely a collection."

**LATA MANGESHKAR
(SINGER)**

**I am a regular
use of
Homeopathy.**

DR. S. RADHAKRISHNAN
Former President,
Govt. of India

Dr. S. Radhakrishnan said that, homeopathy did not merely seek to cure as a sign of disorder of the whole human organism. This was also recognized in the upanishad which spoke of human organs as a combination of body mind and spirit. Homeopathy would pay an important part in the Public Health of the country along with other systems. Medical facilities in India are so scanty that homeopathy can confidently visualize a vast field of expansion.

Mahatma Gandhi
declared that,
**"Homeopathy...cures a
larger percentage of
cases than any other
method of treatment and
is beyond all doubt safer,
more economical and
the most complete
medical science."**

Mahatma Gandhi
Father of Nation and follower of truth

Shaan
(Bollywood Singer)

Shaan is a famous
Bollywood singer
and a great fan of
Homeopathy.

Mother Teresa added
homeopathic care to the
services at her missions
for the mankind

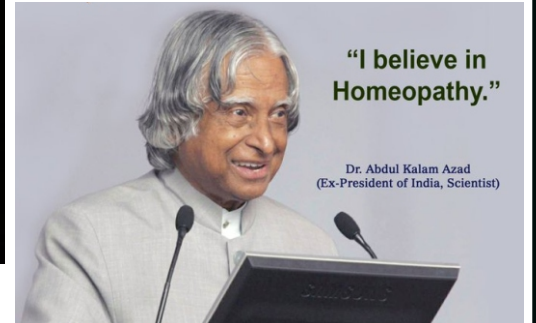

**A DROP OF
HOMEOPATHIC
MEDICINE
CAN CHANGE THE
QUALITY OF
YOUR LIFE!**

- Sri Sri Ravi Shankar

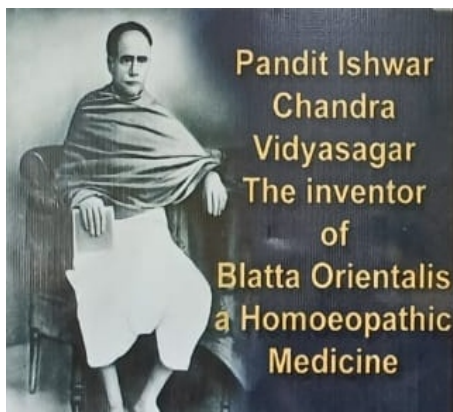

Sonu Nigam
(Bollywood Singer)

Sonu Nigam uses
Homeopathy to give
his voice the depth
it requires.

**"I believe in
Homeopathy."**

Dr. Abdul Kalam Azad
(Ex-President of India, Scientist)

**Pandit Ishwar
Chandra
Vidyasagar
The inventor
of
Blatta Orientalis
a Homoeopathic
Medicine**

**"I don't think I'd still be
around today if it
weren't for Homeopathic
medicine."**

-Cher
(Oscar Winner Pop Star)

NARENDRA MODI
Prime Minister of India

Holistic Healthcare remains a very big attraction. Best of the doctors are moving towards homeopathy. There's a mood for Holistic Healthcare. There's a mood to go forward stress free life from a stressful life.
